

Robust and  
UV-resistant

Protects window profiles during painting  
and plastering.

RENOLIT EXOFOL Professional Masking  
Tape.

*Rely on it.*

# Effective yet caring protection for all RENOLIT EXOFOL film surfaces.

---

RENOLIT EXOFOL Professional Masking Tape is compatible with all films in the RENOLIT EXOFOL range. On both interior and exterior applications, RENOLIT EXOFOL Professional Masking Tape ensures residue-free surfaces on removal, regardless of the film grade or emboss depth.

Simply peel off and everything is spotless.

Thanks to its special product composition, RENOLIT EXOFOL Professional Masking Tape has excellent mechanical strength. UV-resistant on exterior surfaces for up to three months, RENOLIT EXOFOL Professional Masking Tape enables hassle-free removal, even when the most demanding residues of dried on paint or plaster are involved.

RENOLIT EXOFOL Professional Masking Tape is exclusively available to business customers via our online shop – [shop.renolit.com](http://shop.renolit.com).
